BT Access is a paratransit door-to-door service complementing fixed route bus service in Blacksburg. The service is available for persons with a temporary or permanent disability who meet the criteria established under the Americans with Disabilities Act of 1990 and the Amended Act of 2008 to travel within the Blacksburg

town limits. There are fully accessible low floor buses, and BT ACCESS compliments this service.

The service known as door-to-door allows the BT ACCESS operator to accompany the eligible passenger from their door to the first exterior door of their destination. BT ACCESS offers Travel Training for passengers who are eligible for BT ACCESS services, but may also be able to use the accessible low floor buses. Riding the bus does not jeopardize the ability to use BT ACCESS services, but allows the passenger more flexibility and freedom to travel whenever they choose.

The application is available for download on the website at: [Part One](#) and [Part Two](#).

Passengers must be certified to use BT Access, applications can be downloaded, or can be mailed by request by calling 540-443-1533 or 540-961-1803. Please review the fare page for applicable fares; monthly passes are not accepted on BT Access

Service Area(s)

Montgomery County
