Care management services include a visit from a certified care manager to assess the environment, develop a customized plan and coordinate appropriate services for your situation. Services may include:

- Scheduling physical therapy, prescription refills, and doctor appointments
- Screening, arranging and monitoring in-home caregivers
- Reviewing financial, legal and/or medical issues and referring to specialists
- Coordinating a move to or from an assisted living, retirement or acute care facility
- Offering counseling, educational materials, advocacy and support
- Recommending and coordinating safety upgrades in your home

ACCfamily's Director of Care Management is a certified geriatric care manager.
