Event Description

Steve Sasson: The Evolution of Photography will be held on Tuesday, April 16, 6:00–7:30 pm. The creator of the first digital camera reflects on the history of digital photography and his experience as a research engineer at Kodak. He will also offer advice for future inventors and innovators. Steve Sasson is a lifetime research engineer at Eastman Kodak Company who revolutionized photography when he created the first digital camera.

Free and open to all. Register.
