At Sentara RMH Medical Center. the Hahn Cancer Center Consists of outpatient medical oncology and radiation therapy. Individualized treatment of cancer outpatients is provided. Prostate implants can be performed for patients with early-stage prostate cancer. The oncology Dietitian provides individual nutrition counseling from both radiation and medical oncology patients. Professional counseling is offered to patients to discuss cancer and the implications on their lives. Group sessions, throughout the year, are aimed at enhancing a person's ability to manage the stress cancer can present.
