Mom's Meals is a family owned and operated business dedicated to providing great tasting, nutritionally balanced, FRESH meals to meet the needs of the aging population.

We prepare, package, and ship FRESH, ready to heat and eat meals directly to a customer's doorstep. Our home delivered meals are packaged using a cutting edge USDA approved technology and will remain FRESH in your refrigerator for two full weeks.

Clients have their choice of up to 50 diabetic-appropriate breakfast, lunch, and dinner meal options for each delivery, including culturally diverse meals. Meals are designed by our team of executive chefs and registered dietitians and are prepared by our kitchen staff in our USDA approved and inspected facility.

All our meals are delivered by FedEx. We can deliver ANYWHERE, from downtown apartments to even the most remote farm house, and drivers do their best to accommodate special delivery instructions, including bringing the cooler in and leaving it by the kitchen table, etc. Every meal has a USDA nutritional label, a use by date, and simple microwave heating instructions.

Service Area(s)

Statewide
