Sentara RMH Behavioral Health Addiction Services provides the Sentara RMH LIFE Recovery program is that treats alcohol or drug dependency as a chronic and progressive, but highly treatable disease. Dependency is an illness that results in pain, grief, guilt, shame and turmoil in all areas of life for the individuals and families involved.

The LIFE Recovery program provides outpatient substance abuse treatment for people age thirteen and over who are suffering from problems due to drug and alcohol use. While attending the program, participants live at home, continue to interact with family members, and can often maintain their school or work schedules.

If you are having a psychiatric emergency call 540-689-1000 and ask for the PET Team to be paged.
