In-home care services, including chore assistance, are available through two programs, including a large selection of services that enable people to remain in their own homes. Available homemaker services include housekeeping, grocery shopping, and more.

The Adult Services program offers services based on eligibility after an assessment by a Department of Family Services social worker. The ElderLink program makes services available on an income-based sliding scale.

A Home Care Registry of private providers is available and may be more affordable. The providers have been screened by the County's Adult and Aging Division.
