Webinar
Event Description

Artificial Intelligence for Older Adults will be on Thursday, March 7, 2024, from 12:00 PM until 1 pm ET. Join us for a live and interactive discussion to hear first-hand how some older adults are using Senior Planet from AARP to learn about and use artificial intelligence applications in their daily lives!

Senior Planet by AARP is a nonprofit organization designed to enable older adults to come together and find ways to learn, work, create, exercise, and thrive in today’s digital age..
