

Balance and Fall Prevention

According to the CDC, more than one third of adults 65 and older fall each year in the United States and 20% to 30% of people who fall suffer moderate to severe injuries. Take a moment to explore helpful balance and fall prevention programs and services, articles, and related resources.

GetSetUp ~ Live classes for older adults, by older adults

GetSetUp supports older adults to learn new skills, connect with others and unlock new life experiences. Older adults have incredible knowledge to share and new mountains (literally and figuratively) to climb, but until now they haven't had their own place to pursue their passions and continue creating, growing, and giving back.
